*National WORKSHOP
on*

**Outcome based accreditation of
technical education**

August 18-19, 2018

Organized by

**Accreditation Cell
National Institute of Technology Rourkela
Rourkela – 769 008, Odisha**

Aim of the Workshop:

Accreditation of technical education programmes became mandatory for all the technical institutes of the country. As a member of Washington Accord, India is in dire need of enhancement of technical education framework and quality through its National Board of Accreditation (NBA). Thus, it is a necessity to accreditate the programmes of all institutes whether they are centrally funded, state funded or private institutes. This workshop is intended to create a platform where experts will share their experience with the delegates on outcome based accreditation process. This workshop will cover different aspects of the process of Accreditation along with improvement in providing quality education through these topics:

- Checking the performance of a programme through Self-Assessment.
- Guideline to fill up self assessment report (SAR) of NBA
- Minimum requirement for eligibility of accreditation
- Importance of curriculum modification to fit educational outcome
- Modern teaching tool and accreditation
- Quality standards and academic audit

NIT Rourkela:

The city of Rourkela came into prominence in the year 1955, with the decision of the Government of India to set up the first Public Sector Steel Plant. It is one of the most beautiful cities of the state of Odisha.

National Institute of Technology, Rourkela, is one of the premier institutions of government of India for imparting quality technical education in the country. It has been continuously striving hard to figure in the top NIRF rank institutes. NIRF has figured it at 12th position (Engineering category) in 2017 and 15th position (Engineering category) in 2018. It is also successful to be placed at 600-800 in Times World University Rankings and 401-500 in Engineering category. It is also placed at 126th position in QS BRICS University Ranking.

The institute is surrounded by hills and spread over an area of 262 hectares of land. The well maintained green campus of the Institute provides 100 percent accommodation to students, faculties and staff. The campus has all the amenities for developing personal, social and academic skills of the young people. The institute has 10 engineering, 5 basic sciences and one each of social science and management departments.

Targeted Audience:

Faculty/officers of any technical institute/college can participate in this workshop. Participants (2 each) of TEQIP III institute can join free of cost, provided they carry TEQIP III institute certificate and nomination from the head of the institute.

Speakers:

Experts from other CFTIs including the host institutes (NIT Rourkela) will be delivering lecture and discussion sessions.

Venue:

Senate Hall, 2nd Floor, Administrative Block
National Institute of Technology Rourkela
Odisha, PIN 769008
