

**ICSSR SPONSORED
INTERNATIONAL CONFERENCE
ON
INDIAN KNOWLEDGE SYSTEMS: THOUGHT,
THEORY AND TRADITION
FOR
HUMAN RESOURCE EXCELLENCE
8-10th MARCH 2024
(HYBRID MODE)**

This International Conference invites papers from those who are well trained in Knowledge Systems of India having diverse inter-disciplinary background and possess in-depth knowledge of Sāstras. This Conference aims at sharing the knowledge of India with those who are still not much familiar with that but have deep interest to delve into it. With a seed of curiosity, Indian mind is focused on deep learning about the aspects of maintaining the cosmic balance. We aim at having enlightening sessions on different dimensions showcasing the Indian wisdom. To achieve the purpose, we have attached the list of the suggested sub-themes. The interested people can follow the list for submitting Abstracts of well researched papers.

ORGANISED BY

**Department of Humanities & Social Sciences,

Chairman
Prof. Narayan Sethi**

**Convenor
Prof. Surabhi Verma
Coordinator (s)
Prof. Ramakrishna
Biswal
Prof. Koteswara Rao
Kodirekkala
Prof. Neha Soman**

THEME

Indian knowledge systems encompass a wide range of sources, including manuscripts and old texts written in Indian languages, as well as the craft and abilities of everyday people that continue to be passed down through the generations. We have living oral traditions in many languages. The literature in Indian languages, scripted or oral, are the repositories of retrievable information in many fields, including agriculture, architecture, metallurgy, mining, textiles, and healthcare systems. Rgveda mentions approximately 200 disciplines that constitute all dimensions of learning, of which the 64 disciplines are included in Kamasutra of Vatsyayana which is now attempted to be highlighted by the IKS, Govt. of India initiatives. IKS possess a strong theoretical background in a variety of subjects, including metaphysics, astronomy, mathematics, literature, and linguistics.

SUB-THEMES

- Indian Intellectual Tradition, Texts and Thinkers
- Indian Research Methodology
- Navya Nyāya language, its methodology and Artificial language
- Computational linguistics, its applications in AI and its role in Human Excellence
- Saṃskṛta Linguistic Tradition and Modern Indian Languages
