

Dr. Anirban Bhowal

Assistant Professor
NIT Rourkela

Email : bhowala@nitrkl.ac.in
Mobile : +91-7002668986
<https://www.iitg.ac.in/stud/a.bhowal/>

Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
PhD (Communication Engineering)	Indian Institute of Technology, Guwahati	9.75	2015-2020
MTech (Communication Engineering)	Indian Institute of Information Technology, Allahabad	8.88	2013-2015
BTech (Electronics and Communication Engineering)	Heritage Institute of Technology, Kolkata	9	2008-2012
Senior Secondary	C.I.S.C.E. Board	95.75%	2008
Secondary	C.I.S.C.E. Board	94.8%	2006

Experience

- **Assistant Professor at NIT Rourkela, India** **May 2023-**
Research: RIS and spatial modulation
- **Assistant Professor at IIIT Naya Raipur, India** **Oct. 2022-May 2023**
Courses taught: Signals and Systems, Telecommunication Switches and Networks, Sensors and Actuators, Software Development, Communication Systems
Research: RIS and spatial modulation
- **Postdoctoral fellow under Prof. Sonia Aïssa at INRS Montreal** **March 2021-Sept. 2022**
Worked in the field of RIS, spatial modulation, short packet communication, and energy harvesting
- **Teaching assistant during PhD in IIT Guwahati** **July 2015-July 2020**
Assisted my supervisor in microwave lab course and other theoretical courses like MIMO Wireless Communication
- **Mentoring of EE-101 (Basic Electronics) course for SAB, IIT Guwahati** **Oct-Nov 2018**
Mentored EE-101 (Basic Electronics) students and taught several topics like op-amps, transistors, diodes etc.
- **Teaching assistant during MTech in IIIT Allahabad** **Aug 2013-July 2015**
Assisted the faculties in various lab courses like antenna simulation, analog communication, microwave, wireless communication.

Projects

- **Performance Analysis of RIS-Based Applications** **Postdoctoral project**
Prof. Sonia Aïssa, EMT-INRS Montreal
 - Investigating realistic channel models for RIS.
 - Performance analysis of different configurations of RIS considering realistic channel and physical environment characteristics.
 - Performance analysis of spatial modulation-assisted RIS.
 - Introducing ambient backscattering in RIS-assisted communication for energy harvesting.
 - Performance analysis of RIS for short packet communications.
 - Coverage probability analysis for different coordinated multi-point WPT configurations.
- **Advanced Spatial Modulation Schemes: Performance Analysis and Applications** **PhD thesis**
Prof. Rakesh Singh Kshetrimayum, Dept. of EEE, IIT Guwahati
 - The thesis proposes advanced spatial modulation (ASM) techniques for various applications and performance analysis is carried out in terms of bit error rate (BER) and outage probability (OP).
 - Spatial Modulation (SM) along with physical layer network coding (PLNC) is proposed for radio frequency (RF) device-to-device (D2D) bidirectional cooperative systems.
 - ASM techniques like enhanced spatial modulation (ESM) and spatial media based modulation (SMBM) are proposed for sporting activities in body area network (BAN) communication.

- ASM techniques like optical SM-PLNC, transmit laser selection (TLS), TLS-OSM, optical ESM (OESM), optical generalized spatial modulation (OGSM) and optical improved quadrature spatial modulation (OIQSM) are proposed for free-space optical (FSO) systems.
- ASM techniques like TLS, TLS-OSM and OIQSM are also proposed for underwater optical wireless communication (UOWC).
- ASM techniques like hybrid spatial modulation (HSM), transmit source selection (TSS) and TSS-HSM are proposed for hybrid FSO/RF cooperative systems that can be applied in future generation cellular communication networks.

● **Efficient Broadcasting over a Single Frequency Network**

MTech Thesis

Dr. Neetesh Purohit, Dept. of Communication Engineering, IIIT Allahabad

- For improving the performance of single frequency network (SFN) in 4G LTE, ultra-extended cyclic prefix (CP) duration is proposed in this thesis to account for the larger delay spread especially in rural and hilly areas.
- The performance of SFN for both extended and ultra-extended CP are compared in terms of spectral efficiency.

● **Design of Radio Frequency Transmitter**

BTech Project

Dr. Asima Adak, Dept. of ECE, Heritage Institute of Technology, Kolkata

- Designed a four stage FM (frequency modulation) radio transmitter on a PCB (printed circuit board).

Professional Activities

- Referee of several reputed journals including IEEE Communication Letters, IEEE Transactions on Vehicular Technology, IEEE Internet of Things, IEEE Transactions on Communications, IEEE Wireless Communications Letters, IEEE Journal of Lightwave Technology, IET Radar, Sonar and Navigation, Electronics Letters, IET Journal of Engineering, Journal of Physical Communication Elsevier, KSII Transactions on Internet and Information Systems, AEU-International Journal of Electronics and Communication, OSA Applied Optics.
- Referee of International Conference on Communications (ICC) 2021, National Conference on Communications (NCC) 2021, International Conference on Signal Processing and Communications (SPCOM) 2020.
- Served as external reviewer, on behalf of Glasgow University, EPSRC UK, 2021.
- TPC member in IEEE ICC 2022, 2023, and NCC 2023.
- Invited talk on “Underwater Optical Wireless Communication”, at IIT Guwahati, India (part of NCC 2023), Feb. 2023.
- Delivered webinar lecture on “Advanced Spatial Modulation in Optical Wireless Communications (ASMOC)” at Nirma Institute of Technology, India, Aug. 2021.
- Delivered webinar lecture on “Advanced Spatial Modulation in Emerging Wireless Communications (ASMEC)” at Raghu Institute of Technology, India organized by IEEE Student Branch, Visakhapatnam, May 2021, and at Bapatla Engineering College, Andhra Pradesh, India, Nov. 2021.
- Member of executive committee of IIIT Allahabad USA alumni chapter and Sangam Chapter (Aug. 2021-Present)
- Mess Management Committee, Dibang Hostel, IIT Guwahati, 2019-2020
- Badminton club member (as part of Inter IIT probables), IIT Guwahati, 2019-2020
- PG Senator, SGC, IIT Guwahati, 2018-19
- Student Adviser, RSF-EEE, IIT Guwahati, 2018-19
- Volunteer in Research Conclave, IIT Guwahati, 2017 and 2018
- Treasurer, RSF-EEE, IIT Guwahati, 2017-18
- Sports Secretary, Dibang Hostel, IIT Guwahati, 2016-17 and 2017-18
- Placement Coordinator, IIIT Allahabad, 2014-15

Research Interests

- | | |
|---|-----------------------------------|
| ● RIS Assisted Communication | ● Hybrid FSO/RF Communication |
| ● Short Packet Communications | ● Body Area Network Communication |
| ● Optical Wireless Communication | ● Device-to-Device Communication |
| ● Underwater Optical Wireless Communication | ● Spatial Modulation |

Teaching Interests

- MIMO Optical Wireless Communication
- Wireless Communication
- Analog and Digital Communication

Awards and Fellowships

- 2020- Recipient of Best PhD thesis award by EEE department, IIT Guwahati
- 2020- International Travel Grant by Science and Engineering Research Board (SERB), Department of Science and Technology, India (Not availed)
- 2020- IEEE ComSoc International Student Travel Grant for WCNC 2020
- 2017- COMSNETS Domestic Student Travel Grant for COMSNETS 2017
- 2015-2020- Institute Fellowship (during PhD) by MHRD, Government of India
- 2013-2015- Institute Fellowship (during MTech) by MHRD, Government of India
