**B. ELIGIBILITY CRITERIA**

The minimum qualification required for admission to this PhD program under Visvesvaraya PhD Scheme is one of the following:

- Master's Degree in Engineering/Technology in the relevant area of research along with Bachelor's Degree in appropriate branch of Engineering/Technology with a first class or minimum 60% marks (or CGPA of 6.5 on 10-point scale) in the qualifying examination.
- B Tech/B.E./BSc Engg. (4 year)/MCA/M. Sc. with a CGPA of 7 and above on a 10-point scale or 65% aggregate from a Centrally Funded Technical Institute (CFTI). All such

candidates must be GATE qualified. Number of credit courses to be cleared will be 24 credits before comprehensive examination.

In addition to the above eligibility criteria (based on BTech, MSc, MCA, MTech, etc. examinations), the following additional criteria will also be applicable:

- a) A candidate should score minimum 6.5 CGPA or 60% marks or 1st class throughout career to be eligible for admission to PhD programme. The Departmental Research Committee (DRC), however, may make exception (marks < 60% or CGPA < 6.5) at its discretion in only one among the results of 10th, +2, BSc, Diploma etc. (except qualifying degree) if the candidate has qualified in GATE/NET/GPAT or other national level fellowship tests like DST-INSPIRE, etc. or joined as JRF/SRF in any research project.
- b) Candidates belong to Reserved category (PWD/SC/ST) may be relaxed 0.5 CGPA or 5% in the +2 level.
- c) For admission to Engineering, a candidate should have passed Mathematics in +2 Science or Diploma.
- d) Science students admitted to PhD programme in Engineering must have passed Mathematics at +3 level. Students without Mathematics at +3 level may be admitted under the condition that they will have to register for 12 credits of 3000 level Mathematics and 2000/3000 level Computer Science courses (Theory and Practical) in addition to their normal course requirement, and secure at least C grade in each course.
- e) Students without having qualifying degree in the primary discipline will be required to take up additional course work of 6 credits to gain adequate knowledge on the subject so as to be considered to qualify along with students with specialization in a primary discipline, unless explicitly exempted by the Senate. List of primary disciplines for specializations under various departments is given in Clause "D" below.

However, a higher shortlisting criteria (possibly different for different departments) may be set by the Department during scrutiny of applications depending on departmental requirement, number and quality of applicants. Therefore, merely satisfying the minimum eligibility criteria does not guarantee a candidate to be called for interview and also mere attending an interview does not guarantee admission.

### **C. APPLICANTS AWAITING RESULTS**

- a) For thesis based Postgraduate degrees [(M. Tech. (Research), MS or equivalent)], a student is permitted to submit the final result within one year from the date of thesis submission. However, one documentary evidence (proof of thesis submission) from the candidate's Institute/University is required to be submitted at the time of admission.

- b) For all course based degrees [B. Tech., M. Sc., M. Tech. (Regular), etc.] results need to have been published before admission is granted
