

National Conference on

BIOENGINEERING -2019

December 06-07, 2019

Department of
Biotechnology and Medical Engineering
National Institute of Technology, Rourkela

Convenor

Prof. K. Pal

Co-Convenor

Prof. I. Banerjee

About the Conference

Bioengineering is a purposeful amalgamation of engineering and life sciences to impact the life on this earth in every good means. The goal of the conference 'Bioengineering-2019' is to celebrate the spirit of the bioengineering research in India. It is envisioned that the conference will provide a platform to the scholars to present advances in the relevant research fields and to exchange ideas and information.

Themes of the conference

Any field of Bioengineering including but not limited to:

- Biomedical engineering
- Biotechnology
- Bioprocess engineering
- Tissue engineering
- Regenerative medicine
- Neural Engineering
- Rehabilitation engineering
- Pharmaceuticals
- Food engineering
- Diagnostics and theranostics
- Cryopreservation of cells and organs
- Cancer biology, diagnostics and therapy
- Transgenics
- Biomicrofluidics
- Plant and animal cell derived products
- transgenic
- Natural products
- Omics
- Biomedical signal and image processing
- IPR in bioengineering
- Ethics in bioengineering
- Others

Conference Publications

Conference on Bioengineering-2019 welcomes submission of abstracts for original contribution.

All the abstract will be published in the conference proceedings.

Potential attendees

- Students and Research scholars
- Young faculty and scientists
- Industry personnel

Keynote Speaker

To be announced later.

Department of Biotechnology & Medical Engineering, National Institute of Technology, Rourkela, Odisha 769008, India

The Institute

National Institute of Technology, Rourkela is an Institute of National Importance for technical education established by the Government of India. NIT Rourkela is a prestigious institute with a reputation for excellence in research and education at undergraduate, postgraduate and doctoral levels.

The Department

The Department of Biotechnology and Medical Engineering was established in 2007. The department is presently offering B. Tech., M. Tech. and Ph. D. degree in Biotechnology and Medical Engineering. The faculty members have diverse research interests and they conduct both basic and applied research in diverse areas like Cell & Molecular Engineering, Tissue Engineering & Biomaterials, Bioprocess Engineering, Environmental & Plant Biotechnology, Biomechanics & Biotransport Engineering, Medical Electronics & Instrumentation etc. The department is having a number of state of art laboratory well equipped for basic and applied research.

Important dates

Abstract submission deadline: October 15, 2019

For details of the abstract submission guideline, please visit the conference webpage:
