International Dam Safety Conference - 2018

23rd & 24th January, 2018 at Thiruvananthapuram, Kerala (India)

To be Organised in India under the aegis of Dam Rehabilitation and Improvement Project (DRIP)

8/2/2017
International Dam Safety Conference 2018

The Conference focuses on the continual improvement of the techniques for managing the safety and resilience of dams and reservoirs, and the risk of aging dams providing for their continued and sustainable management to ensure that our dams and reservoirs are secure and resilient, and are adequately prepared for floods and earthquakes. The themes for various sessions are as follows:

- **Thematic Sessions: Sustainable Dam Safety Initiatives**
- **Thematic Sessions: Water and Environment**
- **Thematic Sessions: Water and Environment**
- **Thematic Sessions: Water and Environment**
- **Thematic Sessions: Water and Environment**

**Conference Themes**

- Risk assessment and management: to discuss:
  - Potential risks associated with dam design, construction, monitoring, operation, and safety aspects.
  - Risks from geohazard processes and flooding events.
  - Risks associated with human and organizational factors.
  - Understanding and risk-informed decision making in dam design, construction, maintenance, operation, and safety assurance of existing dams and new technology in construction materials.
  - Numerical modeling and structural approaches for risk assessment.
  - Issues specific to flood events: special purpose groups, flood control structures, etc.

**Exhibition**

Space will be available to display the latest technologies, products, and services related to dam safety. Exhibitors are invited to participate in the exhibition and submit the forms by 31st November 2017. The conference will be held in Thiruvananthapuram, Kerala (India) on 23rd & 24th January 2018.

**Venue**

The conference will be held at the new library building, CWC New Library Building, R K Puram, New Delhi.

**Participation**

If you are interested in participating in the conference, please contact us at damsafety.in@idsc2018.com to register your interest.

**Technical Papers**

Technical papers are invited for the conference. The deadline for submission of papers is 31st October 2017. The papers will be reviewed by a panel of experts and accepted for presentation. The papers should not exceed 8 pages and should be submitted in PDF format. Instructions for authors can be found on the conference website.

**Sightseeing Tours**

For the benefit of delegates, the conference will also include sightseeing tours of Thiruvananthapuram, the capital city of Kerala. The tours will be organized on 25th January 2018.
